

Dapto High School Uniform Policy

Dapto High School endorses school uniform.

- Uniform has been determined by the school community including students, staff, parents and the P&C committee.
- Uniform promotes inclusiveness and a sense of belonging to our school.
- Wearing of this uniform creates a very positive image in the community.
- We are very proud of our school, the newly designed uniform, and our decision to create this as “**gender neutral**” in style.
- Uniform is available from the uniform store and the clothing pool.

Parents and caregivers are asked to fully support DHS’s Uniform Policy.

SHOES

Health and Safety legislation is influencing Dapto High School's enforcement of school uniform. Department Of Education guidelines are clear about the need for students to wear enclosed leather shoes. If students are not correctly attired, they may not be able to participate in subjects such as Science, Agriculture, Woodwork and Food Technology. Students undertaking practical based subjects need to wear enclosed shoes that protect their feet against spillage. It may be appropriate for students to wear boots for some subjects. Local suppliers are aware of DHS requirements.

This *Health & Safety* requirement also applies to correct clothing and limiting jewellery for many subjects.
